ABOUT US

BAI Languages opened its doors in January of 1991 as an English school for local Spanish students. In July of 2005, we began offering Spanish courses for international teenage students. Our philosophy has always been to provide quality language instruction through qualified and experienced teachers combined with friendly and efficient staff—all in a comfortable and hospitable setting.

ABOUT OUR SCHOOL

BAI Languages is located on two floors. Our first floor offers students a large common room with library, as well as our reception area and teachers' room. Students are welcome here to study or connect to our free internet. We have ten air-conditioned classrooms with projectors and whiteboards.

OUR LOCATION

Mataró is located just 30 kilometers north of Barcelona, making this fantastic city quickly and easily accessible by bus or train. Mataró itself is set against the sea, with several kilometers of beautiful and sandy beaches, ideal for swimming, boating, watersports, or just relaxing in one of many beachfront restaurants. Our school is situated in the heart of the city on its main avenue, minutes from the beach and just seconds away from cafés, restaurants, plazas, open air markets and brand-name shops.

WHY BAI LANGUAGES?

- With our extensive and varied experience, we are able to offer a quality language learning environment that engages each student.
- We offer tailored programs to satisfy the interests and needs of teenagers.
- We are a medium-sized (140,000) and safe city only 30 kilometers from Barcelona.
- Mataró is a beachfront city with a small-town feel.
- Our host families are carefully chosen, friendly, and within walking distance of the school.
- Our caring and supportive staff will make you feel right at home.
